THE BATHROOM STUDIO

BY TOPLINE

Bathroom fittings and fixtures.
Curated by Topline. Chosen for you.

We feel that bathrooms should be a place to escape to, not from.

This is why we have put together the Bathroom Studio. Curated by Topline. Chosen for you. We spend a year of our lives in the bathroom, so enjoy it. From beautiful brassware to baths to walk-in showers, we have put together a one-stop shop of bathroom suites and accessories to make it special. With Topline member stockists all over the country, you can discover the latest range from The Bathroom Studio and make your bathroom dreams a reality.

Visit www.topline.ie for your local stockist or showroom.

BATHROOM SUITES

As the centrepoint for your bathroom space, its essential that you can choose a bathroom suite that suits all your needs.

The Bathroom Studio by Topline provides a carefully selected, flexible range of basins and WCs to suit whatever space you have; small or large, classic or contemporary.

GROHE's sterling reputation for design innovation and quality can now be transferred to every element of your bathroom with the new GROHE Ceramics collections. Drawing on GROHE's history of engineering expertise, and the sanitaryware knowledge of our parent company LIXIL, GROHE Ceramics offer superior style, performance and durability, making it simple to design a bathroom that fits together seamlessly and coherently. From basins of various sizes to toilets, you'll find a full choice of bathroom ceramic options, all made from the finest materials and with the GROHE seal of quality.

GROHE Technologies

You may not see it at first sight, but **GROHE ceramics** are equipped with the most advanced technology. At GROHE it's their aspiration to make your time in the bathroom as comfortable as possible without any restrictions. Discover their innovative **GROHE technologies**.

ProGuard: Thanks to GROHE ProGuard, Euro Ceramic comes with an enduring sparkling finish. Long-lasting ions with an anti-bacterial effect prevent bacteria growth and keep your ceramics clean and germ-free. The smooth surface also locks out dirt resulting from limescale and grime and is effortless to clean.

Triple Vortex Flush: Unlike other toilets, GROHE's innovative Triple Vortex flush system creates a powerful but silent vortex of water that swirls to cover and clean the whole of the bowl. Despite its power, this effective system is unlikely to splash and has low water consumption, with a dual flush option that uses just 5L of water and only 3L for a short flush. Instead of one or two water outlets, the Triple Vortex system flushes from three outlets to create a powerful suction that leaves nothing behind.

Rimless Technology: With GROHE rimless technology, every surface of your toilet is easy to reach and effortless to keep clean, even in places you can't see. It makes bacteria hiding in corners and crevices under the rim a thing of the past. GROHE rimless technology leaves bacteria nowhere to hide.

Quick Release & Soft Close: All seats and covers are equipped with quick release.This special hinge allows easy removal of the toilet seat for cleaning. The soft close feature is an option where both seat and lid have a gentle and quiet soft-closing mechanism. This ensures no slamming noises and no risk of children trapping their fingers.

GROHE Euro Ceramic

Imagine a great looking bathroom which is both highly practical and visually distinctive.
The Euro Ceramic Suite has been specially designed to match up an excellent performance with an attractive price. You can enjoy a flexible and stylish bathroom day in, day out for years to come.

The Tempo Suite

While retaining a distinctive minimal look, **Tempo's** softer edges make it the perfect choice for modern families. Free of sharp corners, this is inclusive design for family life where practicality rules and safety come first. Tempo's streamlined shapes also help enhance the feeling of space. The subtle angle of the basin and the slender, tapering pedestal create a discreet overall look.

Furniture & Mirrors

Our collection of furniture comes in a variety of colours with nuanced design features to transform your bathroom into a stunning, practical and liveable space.
Featuring an extensive range across minimalistic, contemporary and more traditional design, you'll find exactly what you need to suit your space and personality.

You'll also be able to add that special finishing touch with our selection of beautiful mirrors.

The Kara Range

The KARA range from The Bathroom Studio is a stunning collection of high quality Spanish furniture that will compliment any bathroom setting. Available in 3 sizes and colours with optional black leg frames and handles to create a striking look. Drawer organiser and soft closing drawers come as standard across this range.

SHOWERING

There is no denying that refreshing feeling of stepping into the perfect shower. From morning rejuvenation to a relaxed shower after a long day, it can do wonders for your mind and body. Discover your ideal shower from our vast collection which ranges from powerful, high-end solutions to our more affordable options.

GROHE

Welcome to the joy of showering.

Create your personal hydrotherapy shower and use all the physical properties of water to create a new sensation every day. Large or extra-large; fitted flush to the ceiling or wall mounted; **GROHE showers** come in all shapes, styles and sizes – each one designed with your satisfaction and enjoyment in mind.

Moments of truth.

Ongoing investment in research and development allows GROHE to turn world-leading technologies for bathrooms into reality. Our products have been created to last a lifetime, to be both easy and intuitive to operate.

GROHE StarLight

GROHE showers are guaranteed to look as beautiful decades on as they did the day you first fell in love with them. The special recipe to success lies in the long-lasting surface quality: GROHE StarLight® Technology. As well as the classic chrome finish, GROHE uses state-of-the-art machinery to deliver exceptional quality finishes. The physical vapour deposition (PVD) process ensures that the surface composition is three times harder, delivering glistening gold or sophisticated stainless-steel finishes. As well as being harder, the surface is also ten times more scratch resistant, so it can be cherished for a lifetime.

GROHE EcoJoy™

All GROHE EcoJoy™ products are systematically designed to save water and energy so that precious resources are conserved. These products, equipped with water-saving technologies, offer the perfect water experience without the need to compromise. Reducing water and energy consumption goes hand in hand with convenience and attractive design. Less water. Perfect flow.

GROHE DreamSpray®

GROHE DreamSpray® technology is at the heart of every GROHE shower. Boasting the absolute finest quality, it incorporates innovation that helps you to enjoy an unparalleled showering experience. The advanced shower engines inside the shower head deliver utmost precision and consistent water distribution to each individual nozzle. Whatever spray pattern you choose, for whatever your mood, you will be assured of sheer fun under the shower.

GROHE TurboStat®

The revolutionary **GROHE TurboStat®** technology delivers water at your desired temperature within a fraction of a second and keeps it constant for the duration of your shower. Grohtherm thermostats are equipped with the most advanced and precision-made cartridges in the industry. By increasing the sensitivity of the thermo-element, the thermostats react to changes in water pressure twice as fast as before.

GROHE QuickFix®

GROHE have invested time and effort to ensure that their technical solutions are quick and hassle free to install. That's why they've developed **GROHE QuickFix®**. Faster, easier and hassle-free installation, GROHE QuickFix® cuts fitting time by up to 50%.

SHOWER ENCLOSURES

When it comes to bathrooms, the shower has been promoted from an afterthought to the key focal point in the room. The Bathroom Studio by Topline can help with multiple shower enclosure options to work within any space or budget including sliding shower enclosures, frameless shower enclosures, express fit, and wet room options.

MERLYN

PASSION, TO BE PRECISE

We are passionate about design and craft, constantly innovating our range of premium showering enclosures, each of which has been created with you in mind. Choose from our range of beautiful collections which combines timeless elegance and superior quality, down to the very last detail.

All our shower enclosures comes with our built-to-last promise, and a genuine commitment to service. So, all you have to do is choose the range that suits your lifestyle and step into a showering experience like no other.

ABOUT MERLYN

MERLYN is a highly successful shower enclosure business with a No. 1 market position in the UK and Ireland, through its focus on design, innovation, new product development and award winning customer service. Continuously building on its reputation for unrelenting attention to detail, using only the finest sourced quality materials, with an extensive range of finishes has awarded MERLYN the title of one the most innovative and progressive bathroom companies around.

WHERE IT ALL BEGAN

Based in Kilkenny, **MERLYN** has served the UK and Irish market for the last 19 years since it was foundation in 2000. This forward thinking company has become increasingly well known as a consumer brand and now its specification reputation is delivering remarkable successes. **MERLYN** is the UK and Ireland's No. 1 supplier of shower enclosures and trays to the residential, commercial and hospitality sectors.

MERLYN

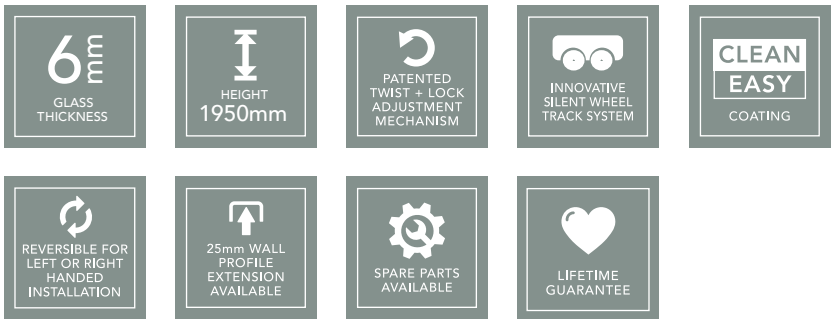
FLAIR

Founded in County Cavan in 1952, **Flair Shower Enclosures** have built up a trusted reputation as a specialist in the production of quality shower doors and bath screens.
Their reputation has stood the test of time, making them the oldest manufacturer of their kind in Ireland. They are proud to be a brand of choice for customers. With an unwavering commitment to customer care, Flair combine lifelong knowledge and expertise with advanced production techniques. They offer their customers innovative designs that bring a new sense of enrichment to the bathroom and enjoyment to their customers.

flair

Flair ETO. Designed to fit perfectly into your bathroom routine, the robust design of the ETO collection is coupled with clever functional innovations that will ensure long lasting high performance.

Flair Slimline Capella. With minimalist design and an innovative silent roller mechanism, Slimline Capella is the perfect blend of function and form.



Flair Hydro Express. The all new Hydro express is an exciting remodel of Hydro - a tried and trusted brand brought to you by Flair Showers. Hydro's new design is crisp and contemporary with sleek modern handles and minimalist chrome profiles.

The Innovative range also boasts an express fit mechanism that is a firm favourite with installers.

Flair AYO. Create a modern minimalist look with the stylish elegantly designed AYO Origin 8mm Wetroom Screen. These stylish 8mm glass panels incorporate the aluminium frame bonded directly to the edge of the glass and are supplied with a stainless still stabilising bar providing you with the assurance of quality and the reliability customers have come to trust from Flair.

Classi Seal is a self-adhesive and permanently flexible upstand, available in various lengths, which acts as secondary seal between the ledge of a shower tray or bath and the wall. It must be fitted to the wall touching sides of the tray or bath before it is plumbed into final position. The upstand sits above the ledge of the shower tray or bath by 30mm and is tiled or wall panelled over.

HEATING

Radiators are often looked at as a practical heating solution for the bathroom but chosen well they can add a real visual impact to a room. Along with a range of modern and traditional towel warmers, we have a selection from multiple suppliers, which offer great heat outputs without compromising on high-end design.
